ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series:*

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith
Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson
Project Manager
Water Management Branch

FIRST NATIONS WATER RIGHTS REPORTS

BAND: Yale Band

ADDRESS: P.O. Box 1330, Lillooet, B.C., V0X 1L0

CHIEF: Chief Robert Hope

PHONE: 863-2443 **FAX:** 863-2467

LOCATION:

The sixteen reserves of the Yale Band include:

Albert Flat #5	Stullawheets #8	Yale #22
4 1/2 Mile #2	Yale Town #1	Yale #23
Kaykaip #7	Yale #18	Yale #24
Lukseetsissum #9	Yale #19	Yale #25
Qualark #4	Yale #20	
Squeah #6	Yale #21	

Of the reserve lands, water rights have been licensed on:

- 4 1/2 Mile #2 - a 6.0 hectare reserve located on the west bank of the Fraser River, directly above Yale Reserve #23.
- Kaykaip #7 - a 10.0 hectare reserve located on the east bank of the Fraser River.
- Lukseetsissum #9 - a 53.9 hectare reserve located on the east bank of the Fraser River.
- Qualark #4 - a 10.0 hectare reserve located on the east bank of the Fraser River, directly across from Albert Flat Reserve #5.
- Squeah #6 - a 16.8 hectare reserve located directly south of Qualark Reserve #4.
- Stullawheets #8 - a 52.6 hectare reserve located on the west bank of the Fraser River north of Puckat Creek.
- Yale Town #1 - a 6.4 hectare reserve located on the western bank of the Fraser River, west of Yale Reserve #18.

The most recent population figures compiled by the Ministry of Finance report that the total population of the Yale Band, including registered and non-registered members living on- and off-reserve, is 120.

The reserves are located on the Interior Plateau and are classified as occurring in the Interior Douglas Fir Biogeoclimatic Zone. They lie at elevations ranging from 40 feet to 600 feet above mean sea level, and experience a regional climate which consists of average daily temperatures ranging from -10 degrees centigrade in January, to less than 16 degrees centigrade in July. Average rainfall for the area totals between 30 and 50 centimeters, annually.

Water courses of significance include:

- Kaykaip Creek - flows east through Kaykaip Reserve #7, into the Fraser River.
- Puckat Creek - flows southeast into the Fraser River, directly south of Stullawheets Reserve #8.
- Qualark Creek - flows southwest, through Qualark Reserve #4, and drains into the Fraser River.
- Reserve Creek - runs through the northeast corner of Lukseetsissum Reserve #9 and drains into Ruby Creek.
- Sproat Creek - flows northeast, directly south of 4 1/2 Mile Reserve #2.
- Squeah (Suka) Creek - flows southwest into the Fraser River, north of Squeah Reserve #6.
- Stullawheets Creek - flows east into the Fraser River, north of Stullawheets Reserve #8.
- Yale Creek - flows east into the Fraser River, north of Yale Town Reserve #1.

WATER ALLOCATIONS:

There are no records of water allocations made by Order-in-Council of the Lieutenant Governor-in-Council, with respect to the Yale Band.

The water rights of the Yale Band have been determined by four actions of government over the years:

1) Allotments by Indian Reserve Commissioners.

Following confederation, the Province and the Dominion established an Indian Reserve Commission responsible for the reservation of lands for Indians. In establishing the reservations the Commissioners facilitated the transfer of land in question to Dominion authority. While setting apart lands for reserves, the Reserve Commissioners made it their practice to allot water with the land. This practice was unique among Indian Reserves in Canada and the authority of the Commissioners to allocate water rights has always been disputed by the Province.

2) Determinations of the Board of Investigation under the *Water Act 1914* with respect to claims made by the Department of Indian Affairs. Often, the Board ruled to ratify the claims through the issue of a water license.

3) Granting of water licences in response to Federal Government applications requesting authorization for the use of water on reserve lands.

4) Actions to amend, cancel or record as abandoned licensed rights, pursuant to provisions in the *Water Act*.

HISTORY, CURRENT STATUS, AND NOTES:

The history of water rights, the current status of rights, and notes for the Yale Band with respect to Kaykaip Creek, Puckat Creek, Qualark Creek, Reserve Creek, Sproat Creek, Squeah Creek, Stullawheets Creek, and Yale Creek are as follows:

Kaykaip Creek:

History:

May 23, 1881 A Minute of Decision of the Indian Reserve Commission allocated the following use of the Yale Band:

"20 inches of water are also reserved from 'Kay kaip' creek for the use of the Indians."

* Note: The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season converts to the equivalent 6.664 acre feet per miner's inch.

Apr 24, 1924 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Kaykaip Creek was made under authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2617, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Kaykaip Creek;
(ii) take precedence from September 26, 1888; and
(iii) authorize the diversion of a maximum of 28 acre feet per year for the irrigation of 27.5 acres of Kaykaip Reserve No. 7, provided that 500 gallons per day, throughout the year, was available for domestic application.

Apr 24, 1924 The Comptroller of Water Rights issued Conditional Water License 7530, which embodied the terms and conditions set out in Board Order 2617.

Feb 1, 1938 Conditional Water License 7530 was recorded as abandoned.

Current Status:

There are currently no active licences on Kaykaip Creek.

The Water Survey of Canada has no records of streamflow on Kaykaip Creek. No other current sources of water availability information were located during the course of this study.

Notes:

1. The Band's rights to the waters of Kaykaip Creek, as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.

2. The Band's water rights on Kaykaip Creek were lost as a result of the abandonment of Conditional Water License 7530. It is unknown whether the Band was notified of, or consulted about, the abandonment.

3. Further information pertaining to Conditional Water License 7530 cannot be located because the corresponding file was destroyed.

Puckat Creek:

History:

Jul 2, 1964 — In accordance with an application filed by Donald Hayward on behalf of the Yale Band, the Comptroller of Water Rights issued Conditional Water License 28981. The license was assigned a precedence date of November 12, 1963 and authorizes the diversion of 10,000 gallons of water per day from Puckat Creek throughout the year, for waterworks purposes. The appurtenant lands are defined as Stullawheets Reserve No. 8.

Mar 31, 1970 — Subsequent to the submission of a notice of proposed cancellation dated January 14, 1970, the Comptroller of Water Rights issued an Order which canceled Conditional Water License 28981. Further details surrounding the cancellation of Conditional License 28981, are not available. File No. 253052, under which the License was issued, has since been destroyed.

Current Status:

There are currently no licences active on Puckat Creek.

The Water Survey of Canada has no records of streamflow on Puckat Creek. No additional sources of current water availability data were located during this review.

Notes:

1. The water rights held by the Yale Band on Puckat Creek, licensed under Conditional Water License 28981, were canceled in 1970. It is unknown whether the Band was notified of, or consulted about, the abandonment.

Qualark Creek:

History:

May 23, 1881 A Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Yale Band:

"20 inches of water is also reserved to be taken from 'Qua lark' creek for the use of the Indians."

* Note: The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season converts to the equivalent 6.664 acre feet per miner's inch.

Current Status:

There are currently no licences active on Qualark Creek.

The Water Survey of Canada has no records of streamflow on Qualark Creek. No other current sources of water availability on the Creek have been located.

Notes:

1. The Yale Band's rights to the waters of Qualark Creek, as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.

Reserve Creek:

History:

Sep 4, 1962 In response to an application filed by Cattermole Timber Ltd., on behalf of the Yale Band, the Comptroller of Water Rights issued Conditional Water License 27517. The license was assigned a precedence date of February 12, 1962 and authorizes the diversion of 1,500 gallons of water per day from Reserve Creek. The authorization is valid throughout the year, for domestic purposes. The appurtenant lands are specified as Lukseetsissum Reserve No. 9.

Aug 24, 1987 The Comptroller of Water Rights issued an Order, in accordance with the notice of proposed cancellation dated April 24, 1987, which canceled Conditional Water License 27517 .

Current Status:

There is currently one license active on Reserve Creek. The license is not held by the Yale Band.

The Water Survey of Canada has no records of streamflow on Reserve Creek. No other sources of current water availability data were located over the course of this review.

Notes:

1. The water rights held by the Yale Band under Conditional Water License 27517 on Reserve Creek were canceled in 1987.

Sproat Creek:

History:

Apr 24, 1924 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of an *unnamed creek was made under authority of an Act passed prior to the 12th day of March, 1909. Order of the Board, numbered 6653 set out that a conditional license should be issued which would:

(i) provide for the diversion of water from an unnamed creek;
(ii) take precedence from September 26, 1888; and
(iii) authorize the diversion of 500 gallons of water per day, throughout the year, from an unnamed creek on 4 1/2 Mile Reserve #2, for domestic purposes.

**Note: The unnamed creek which flows through 41/2 Mile Reserve No. 2 is currently known as Sproat Creek.*

Apr 24, 1924 The Comptroller of Water Rights issued Conditional Water License 7527, which embodied the terms and conditions set out in Board Order 6653.

Aug 15, 1940 Based on the exercise of rights under Conditional License 7527, the Comptroller of Water Rights issued Final Water License 11089 (in substitution of Conditional Water License 7527). Final License 11089 was issued in the name of the Director of Indian Affairs, on behalf of the Yale Band. The license has a precedence date of September 26, 1888 and authorizes the diversion of 500 gallons of water per day, throughout the year, from an *unnamed creek flowing through 4 1/2 Mile Reserve No. 2, for domestic purposes.

*Note: *The unnamed creek which flows through 41/2 Mile Reserve No. 2 is currently known as Sproat Creek.*

Current Status:

There is currently one license on Sproat Creek; it is for the use and benefit of the Yale Band.

The Water Survey of Canada has no records of streamflow on Sproat Creek. No other current sources of water availability information were located during this study.

Notes:

1. There is no additional information with respect to the rights of the Yale Band on Sproat Creek.

Squeah Creek:

History:

May 23, 1881 A Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Yale Band:

"25 inches of water are reserved for Indian use from Sque-ah creek."

* Note: The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season converts to the equivalent 6.664 acre feet per miner's inch.

Apr 24, 1924 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Squeah Creek was made under authority of an Act passed prior to the 12th day of March, 1909. A Order of the Board, numbered 2616 set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Squeah Creek;
(ii) take precedence from September 26, 1888; and
(iii) authorize the diversion of a maximum of 35 acre feet per year for the irrigation of 34.8 acres of Yale Reserve No. 6, provided that 500 gallons per day, throughout the year, could also be used for domestic purposes.

Apr 24, 1924 The Comptroller of Water Rights issued Conditional Water License 7529, which embodied the terms and conditions set out in Board Order 2616.

Feb 1, 1938 Conditional Water License 7529 was abandoned.

Current Status:

There are currently no licences active on Squeah Creek.

The Water Survey of Canada has no records of streamflow on Squeah Creek. Additional sources of water availability information were not located.

Notes:

1. The Band's right to waters of Squeah Creek, as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.
2. The Band's water rights on Squeah Creek were lost subsequent to the abandonment of Conditional Water License 7529.
3. Further information pertaining to the abandonment of Conditional Water License 7529 is not available as the corresponding file has since been destroyed.

Stullawheets Creek:

History:

Oct 22, 1923 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Stullawheets Creek was made under authority of an Act passed prior to the 12th day of March, 1909. An Order of the Board, numbered 5438 set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Stullawheets Creek;
(ii) take precedence from September 26, 1888; and
(iii) authorize the diversion of a maximum of 80 acre feet per year for the irrigation of 80 acres of Stullawheets Reserve No. 8, provided that 500 gallons per day, throughout the year, could also be used for domestic purposes.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water License 7158, which embodied the terms and conditions set out in Board Order 5438.

Feb 1, 1938 Conditional Water License 7158 was recorded as abandoned.

Current Status:

There are currently no licences active on Stullawheets Creek.

The Water Survey of Canada has no records of streamflow on Stullawheets Creek. No other current sources of water availability data for the Creek were located over the course of this review.

Notes:

1. The Band's rights to the waters of Stullawheets Creek were lost as a result of the abandonment of Conditional Water License 7158.

2. Further information pertaining to the abandonment of Conditional Water License 7158 is unavailable as the corresponding file has since been destroyed.

Yale Creek:

History:

May 23, 1881 — A Minute of Decision of the Indian Reserve Commission allocated the following, for the use of the Yale Band:

"The right to 20 inches of water to be taken from Yale creek for irrigation or other purpose."

* Note: The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season converts to the equivalent 6.664 acre feet per miner's inch.

Nov 3, 1924 — At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Yale Creek was made under authority of an Act passed prior to the 12th day of March, 1909. Order of the Board, numbered 5407 set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Yale Creek;
(ii) take precedence from April 19, 1880; and
(iii) authorize the diversion of 10,000 gallons per day, throughout the year, to be used for domestic purposes on Yale Town Reserve No. 1.

Nov 3, 1924 — The Comptroller of Water Rights issued Conditional Water License 7791, which embodied the terms and conditions set out in Board Order 5407.

Jul 15, 1929 — In response to an application made by the Superintendent General of Indian Affairs on behalf of the Yale Band, the Comptroller of Water Rights issued Conditional Water License 10079. The license has a precedence date of April 2, 1929 and authorizes the diversion of 30 acre feet per year (from April 1 to September 30) from Yale Creek for irrigation purposes. The appurtenant lands are specified as 12 acres of Yale Reserve No. 1.

Nov 20, 1934

Based on the exercise of rights authorized under Conditional License's 7791 and 10079, the Comptroller of Water Rights issued Final Water License 8999 (in substitution of Conditional Water License 7791) and Final License 9000. The licences were issued in the name of the Superintendent General of Indian Affairs, on behalf of the Yale Band.

Final License 8999 has a precedence date of April 19, 1880 and authorizes the diversion of 1,000 gallons of water per day, throughout the year, from Yale Creek, for domestic purposes.

Final License 9000 has a precedence date of April 2, 1929 and authorizes the diversion of 18 acre-feet per year (from April 1 to September 30) from Yale Creek, for irrigation purpose on 12 acres of Yale Reserve No. 1.

Current Status:

There are currently two licences active on Yale Creek, both of which are held by the Yale Band.

The Water Survey of Canada operated Station No. 08MF031 on Yale Creek from 1933 to 1936. During this period, the station recorded a minimum daily discharge of 0.093 m^3/sec (3.284 cubic feet/sec), on August 31, 1936, and a maximum daily discharge of 97.4 m^3/sec (3439.584 cubic feet/sec), on November 5, 1934. For the period recorded mean monthly discharges reached a low of 0.345 m^3/sec in August, and rose to a high of 6.80 m^3/sec in May.

Notes:

1. The Yale Band's rights to the waters of Yale Creek, as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.
2. The substitution of Conditional Water License 7791 with Final Water License 8999 resulted in a reduction of licensed water rights on Yale Creek for the Yale Band.
3. The substitution of Conditional Water License 10079 with Final Water License 9000 resulted in a reduction of licensed water rights on Yale Creek for the Yale Band.

OTHER INFORMATION:

Additional Water Records:

The *Schedule of Indian Reserves in the Dominion, 1913,* is a document published by the federal government. The Schedule reviews Native water allocations up to 1913. It is believed that the Schedule is a compilation of Minute of Decisions, Order-in-Councils, and perhaps other documents. As original copies of the documents referenced in the *Schedule of Indian Reserves in the Dominion, 1913* cannot be located, the dates and information contained in it have not been verified.

Allocations in the *Schedule of Indian Reserves in the Dominion* for the benefit of the Yale Band which are inconsistent with our findings are:

Reserve	Water Allocation
4 1/2 Mile Reserve	*"15 inches of water from the stream on the reserve and all the water from other sources on the reserve recorded Sept. 25, 1888."* The Yale Band was granted the right to use 500 gallons of water a day for domestic purposes under Final License 11089. This volume is significantly less than the amount stated in the Dominion Schedule.
Albert Flat	*"100 inches of water from Gordon creek and all the water from other sources on the reserve recorded Sept. 25, 1888."* This water record was later abandoned by the Indian Commissioner for BC on November 23, 1925.
Squeah	*"25 inches of water from Squeah creek recorded Sept. 25, 1888."* This water record was later abandoned by the Indian Commissioner for BC on February 1, 1938.
Kaykaip	*"20 inches of water from Kaykaip creek recorded Sept. 25, 1888."* This water record was later abandoned by the Indian Commissioner for BC on February 1, 1935.
Stullawheets	*"50 inches of water from Stullawheets creek recorded Sept. 25, 1888."* This water record was later abandoned by the Indian Commissioner for BC on February 2, 1938.

Groundwater Records:

A review of well records maintained by the MELP - Groundwater Section found that 2 wells have been reported on Yale Town Reserve No. 1. The wells are reported to yield small amounts of water, ranging from 0 gallons per minute to 45 gallons per minute. The extent to which they are currently utilized, is unknown. Further details have been appended to the report.

As provision of well information to the Groundwater Section is voluntary, this review should not be assumed to be complete.

Summary of Water Records

Yale Band

Water Source	Priority Date	Reserve Name	File No.	Document Type	Status	Superceded By	License PUC/MOD & OIC Allotments	Comments
Kaykaip Creek	1881/05/23	Kaykip #7		MOD			*"20 inches of water are ... reserved from 'Kay kaip' Creek"* (AGBC #590459)	**MOD Allocations:** Not formally recognized by the Province. **Water Source**: 'Kay kaip Creek' is currently known as Kaykaip Creek.
Kaykaip Creek	1888/09/26	Kaykip #7	2617	CL 7530	Abandoned		500 GAD/Incidental Domestic 28 AF/Irrigation	**CL 7530**: Issued in accordance with **Board Order 2617**. **Abandonment (1 Feb 1938)**: Unknown whether Band was consulted with, or notified of, the abandonment.
Puckat Creek	1963/11/12	Stullawheets #8	253052	CL28981	Canceled		10,000 GAD/Waterworks	**Cancellation (31March 1970)**: Unknown whether Band was consulted with, or notified of, the cancellation.
Qualark Creek	1881/06/23	Qualark #4		MOD			*"20 inches of water are ... reserved from 'Kay kaip' Creek"*. Converted equivalent = 153 acre feet. (AGBC #590459)	**MOD Allocations:** Not formally recognized by the Province.

Water Source	Priority Date	Reserve Name	File No.	Document Type	Status	Superceded By	License PUC/MOD & OIC Allotments	Comments
Reserve Creek	1962/02/12	Lukseetsissum #9	242584	CL 27517	Canceled		1,500 GAD/Domestic	**Registered Licensee**: CL 27517 issued to **Cattermole Timber Ltd.** on behalf of the Yale Band.
Sproat Creek	1888/09/26	4 1/2 Mile #2	241092	CL7527	Superceded	FL 11089	500 GAD/Domestic	**CL 7527**: Issued in accordance with **Board Order 6653.**
Sproat Creek	1888/09/26	4 1/2 Mile #2	241092	FL 11089	Current		500 GAD/Domestic	
Squeah Creek	1881/05/23	Squeah #6		MOD			*"25 inches of water are reserved for Indian use from Sque-ah Creek"* Converted equivalent = 153 acre feet (AGBC #590459)	**MOD Allocations:** Not formally recognized by the Province. **Water Source**: 'Sque-ah Creek' is currently known as Squeah Creek.
Squeah (Suka) Creek	1888/09/26	Squeah #6	2616	CL 7529	Abandoned		500 GAD/Domestic 35 AF/Irrigation	**CL 7529**: Issued in accordance with **Board Order 2616.** **Abandonment (1 Feb 1938)**: Conditions surrounding abandonment unknown.

Water Source	Priority Date	Reserve Name	File No.	Document Type	Status	Superceded By	License PUC/MOD & OIC Allotments	Comments

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

(For a n Irrigation Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, 1914," duly held an investigation respecting the water set out in the order No. 5438, a duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a conditional licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, 1914," issue this conditional licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to Stullawheets I.R. (No.8 Yale).

BIT. A no.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Stullawheets Creek

in the neighbourhood of Yale, in the NEW WESTMINSTER Ashcroft Water District.

NOW, on the 11th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 26-14-1) that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Stullawheets Creek, a tributary of the Fraser River, for use on the Stullawheets I.R. (No.8 Yale), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

ORIGINAL

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a*.) The source of the water supply is Stullawheets Creek, a tributary of the Fraser River.

(*b*.) The point of diversion from the said source is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c*.) The date from which the said licence shall take precedence is 26th September, 1888.

(*d*.) The purpose for which the water is to be used is irrigation.

(*e*.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is Eighty (80) acre feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is One (1) acre foot: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f*.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g*.) The water may be used on the Stullawheets I.R. (No.8 Yale) of which eighty (80) acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h*.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i*.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j*.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k*.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.5438.

ORIGINAL

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

Dear Sir:

Please refer to File 26-14-1.

This letter is to confirm the understanding arrived at on 1st February, 1938, that Conditional Water Licence No. 7158, Stullawheets creek, appurtenant to Yale I. R. No. 8, is abandoned.

This fact has been noted on our records and all rights thereunder are null and void.

A copy of this letter is being sent to Mr. MacKay and the Indian Agent.

Yours very truly,

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR ~~IRRIGATION~~ Domestic PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of an un-named creek flowing through 4 1/2 Mile Indian Reserve (No.2 Yale)

in the neighbourhood of Yale, in the NEW WESTMINSTER Ashcroft Water District.

NOW, on the 11th day of June 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 17-14-1) that on the 26th day of September 1888 there was filed in the office of the Dominion Lands Agent at New Westminster, B.C. a bona fide application for a record of water from an un-named creek flowing through 4 1/2 Mile Indian Reserve (No.2 Yale) for use on said Reserve, and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

2. The claim of the Department of Indian affairs with respect to the said waters is allowed by the Board to extent hereinafter specified.

The Comptroller of Water Rights is hereby directed to issue a conditional licence in respect of the said record and claim embodying the following terms and conditions:-

(a) The source of the water supply is a creek flowing through 4 1/2 Mile Indian Reserve, a tributary of Fraser River.

(b) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c) The date from which the said licence shall take precedence is 26th September 1888.

(d) The purpose for which the water is to be used is "Domestic Purpose"

(e) The maximum quantity of water which may be used is 500 gallons a day.

(f) The water may be used during the whole year.

Form 580, W.R.B.—2,000-12-20. Order No. 6453.

Comptroller

(*g.*) The water may be used on the 4 1/2 Mile Indian Reserve (No.2 Yale)

more particularly shown in the said exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are

Such additional works as may be required for the diversion and carriage of the maximum quantity of water, the use of which is authorized by the licence.

(*i.*) The construction of the said works shall be commenced on or before the first day of June 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said construction shall be completed and the water beneficially used for the purpose set out in this licence on or before the first day of November 1930

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*l.*) The nature and the extent of the incidental use (if any) permitted under the licence are

---

but such use shall not enlarge the quantity of water allowed under item (*e*) above.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the construction of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee

( ) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Kaykaip Creek a tributary of Fraser River

in the neighbourhood of Yale, in the

NEW WESTMINSTER Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 16-10-1 that on the 26th day of September 1888 there was filed in the office of the Dominion Lands Agent at New Westminster, B.C. a bona fide application for a record of water from Kaykaip Creek , a tributary of Fraser River, for use on the Kaykaip Indian Reserve (No.7 Yale) and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a*.) The sources of the water supply is Kaykaip Creek a tributary of Fraser River

(*b*.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c*.) The date ~~for~~ from which the said licence shall take precedence is 26th September 1888

(*d*.) The purpose for which the water is to be used is irrigation.

(*e*.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 28 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is One (1) ~~acre-foot~~ acre-foot: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f*.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g*.) The water may be used on the Kaykaip Indian Reserve (No.7 Yale) of which 27.5 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h*.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i*.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j*.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930

(*k*.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Yale Creek, a tributary of Fraser River,

in the neighbourhood of Yale, in the NEW WESTMINSTER Ashcroft Water District.

NOW, on the 11th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 3.22/23-14-1) that a valid water record affecting the said claim was made under the authority of an Act passed prior to the 12th day of March, 1909, and that under the said water record the Yale tribe or band of Indians was granted a right to take and use water from Yale Creek, a tributary of Fraser River, for irrigation and domestic purposes on the Yale Town Indian Reserve, being Reserve No.1 of the said tribe or band.

Form 186. W.R.B.—500-124-37

Order No. 5407.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:

(a) The source of the water supply is Yale Creek, a tributary of Fraser River.

(b) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c) The date from which the said licence shall take precedence is 19th April, 1880.

(d) The purpose for which the water is to be used is "domestic" purpose.

(e) The maximum quantity of water which may be used is Ten Thousand (10,000) gallons a day.

(f) The water may be used during the whole year.

(g) The water may be used on the Yale Town Indian Reserve (No.1, Yale).

(h) The water shall be beneficially used for the purpose set out in the licence on or before the 1st day of November, 1930.

(i) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

MADE AND ENTERED this 3rd day of November, 1924

Board Order No.5407.

Slip No. 463
By TMW

PROVINCE OF BRITISH COLUMBIA.

WATER RIGHTS BRANCH.

DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.
(IRRIGATION.)

Appurtenant to 12 acres of Yale Indian Reserve No. 1.

WHEREAS THE SUPERINTENDENT-GENERAL OF INDIAN AFFAIRS, whose post-office address is Ottawa, Canada.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act" prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(1.) The source of the water-supply is Yale Creek, located as shown in the exhibit marked "A" hereto attached.

(2.) The point of diversion from the stream ~~is~~ are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(3.) The date from which this licence shall take precedence is 2nd April, 1929. Superseded by 9000 Final Licence

(4.) The purpose for which the water is to be used is irrigation ~~and incidentally domestic use~~.

(5.) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered 30 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 2.5 acre-feet: Provided that of the said ~~m~~ acre-feet there may be used ~~m~~ gallons of water a day throughout the whole year for domestic purpose.

(6.) The period of the year during which the water may be used is 1st April to 30th September.

(7.) The area and description of the lands upon which the water may be used are 12 acres, comprising part of Yale Indian Reserve No.1.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

W.R.B. 1004 (1)—Conditional Licence—Irrigation—1M-927-0412

File 085864

Licence Number 10079

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the 30th day of September, 1932

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

The said construction shall be commenced on or before the 31st day of August, 1929.

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the 30th day of September, 1932.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to ---------- Licence No. ---------- for the diversion of ---------- acre-feet per annum from ---------- and Licence No. ---------- for the diversion of ---------- acre-feet per annum from ----------, but no more than ---------- acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part II. of the "Water Act," and shall be subject to all the provisions of said Act, including especially the provisions of section 74 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.) This licence does not authorize the construction or maintenance of any works upon or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until such construction or maintenance is approved or such use or occupation authorized by the Minister of the Interior.

(15) Subject to a reserve of 1 c.f.s. of the water of Yale Creek for public purpose established 28th October, 1913.

Issued this 15th day of July, 1929

WRB FILE 0-1-1

Re - Indian Water Rights.

Sir,-

Upon investigation it has been found that certain water records appurtenant to Indian Reserves in British Columbia are of doubtful value. These records apply to sources from which it is impracticable to obtain water for irrigation purposes, either owing to prohibitive cost of works or other reasons.

After giving the matter due consideration this Department realizes that to file plans of proposed works and to obtain Conditional Licences to supersede these records, in order to retain rights from which the Indians can derive no benefit, would put both this Department and the Provincial authorities to needless effort and expense.

With the consent of the Superintendent General of Indian Affairs, I therefore abandon all claims to water rights based on records as listed hereunder:-

LYTTON AGENCY.

Board File

21-10-1 - Hope I.R.No.1, (Hope Town) - I.R.C.Allotment 16 Aug.1879, recorded in Dominion Lands Office at New Westminster 26th Sept. 1888 - 100 inches of water from Coquihalla River. (Reserve cancelled by Royal Commission).

24-14-1 - Yale I.R.No.5, (Albert Flat) - I.R.C. Allotment 5 Aug.1879, recorded in Dominion Lands Office at New Westminster 26th Sept. 1888 - 100 inches of water from Gordon Creek.

					Union Bar, and Yale Indians in common. *See* note at Ohamil band.
1	Yale Town	Yale district, in section 14, township 7, range 26, west of 6th meridian.	[illegible]	17·50	Allotted by Commissioner O'Reilly, May 23, 1881. 20 inches of water from Yale creek recorded Sept. 25, 1888.
